DISAPPROVING THE ACTION OF DIRECTOR OF PUBLIC WORKS IN IMPOSING A CERTAIN CONDITION OF THE CITY PLANNING COMMISSION IN APPROVING TENTATIVE MAP OF PROPOSED CONDOMINIUM CONVERSION SUBDIVISION AT 1835 FRANKLIN STREET; GRANTING AN APPEAL THEREFROM; IMPOSING CERTAIN ADDITIONAL CONDITIONS.

WHEREAS, A tentative map for a 45-unit condominium conversion subdivision, dated February 1979 was referred to the Department of the City Planning for review pursuant to the provisions of Section 1325 of Chapter XIII, Part II, San Francisco Municipal Code (Subdivision Code) on the property described as follows:

1835 Franklin Street, Lot 2 in Assessor's Block 624; and

WHEREAS, On May 31, 1979, after a public hearing, the City Planning Commission adopted Resolution No. 8289, finding the condominium conversion subdivision to be consistent with the Master Plan, providing that certain conditions be complied with by the subdivider; and

WHEREAS, The Director of Public Works approved said tentative map, subject to certain conditions, including those contained in the said City Planning Commission Resolution No. 8289; and

WHEREAS, On June 4, 1979, pursuant to the provisions of Section 1333 of Chapter XIII, Part II, San Francisco Municipal Code (Subdivision Code), and Section 66452.5 of the Government Code of the State of California, the subdivider filed an appeal from the action of the Director of Public Works which imposed the following condition of the City Planning Commission on approval of said tentative map:

"II. Tenant Intent to Purchase

"A. The application for a Parcel Map or Final Map shall not be accepted for filing unless there are substantial numbers of tenants who have indicated their intent to purchase their rental unit, as evidenced by the submittal in writing by no less than eighty percent (80%) of the tenants of unit reservations forms of the State Department of Real Estate, and of intent to purchase forms to be developed by the Department of City Planning, together with a reasonable deposit in connection therewith placed in a neutral escrow depository. Evidence of liretime leases to the elderly or permanently disabled, pursuant to Condition No. III, may be substituted on a one-for-one basis with evidence of tenant intent to purchase.

"B. The subdivider shall accompany this submittal with a final list of the proposed sales prices to tenants for each unit, in general conformity with Conditions No. 1, in order that the final prices to tenants can be established as a condition of approval of the Parcel Map or Final Map, replacing those preliminary prices established by Condition No. 1.

"C. Tenants shall have until the time of approval of the Parcel Map or Final Map by the Board of Supervisors to withdraw their unit reservation forms; the Parcel Map or Final Map shall not be approved if tenant intent to purchase, as evidenced by the unit reservation forms and intent to purchase forms or required lifetime leases, is less than eighty percent (80%)."

WHEREAS, The Board of Supervisors set the matter for hearing on Monday, June 25, 1979; and

WHEREAS, On Monday, June 25, 1979, the Board of Supervisors heard the matter and made a determination as to findings, and directed the Clerk, in conjunction with the City Attorney, to draft appropriate legislation to implement the intent of the Board's decision, to be calendared at the next regular meeting of the Board of Supervisors; and

RESOLVED, That this Board of Supervisors does hereby disapprove the action of the Director of Public Works in imposing so much of the aforesaid "Condition II." of the City Planning Commission as a condition for approval of the tentative map for this proposed condominium conversion as requires in paragraphs A and C thereof evidence of intent

RESOLUTION OPPOSING CONSTRUCTION OF THE PERIPHERAL CANAL AND BILLS PENDING IN THE STATE LEGISLATURE CONTAINING PROVISIONS FOR CONSTRUCTION AND FUNDING OF THE PERIPHERAL CANAL OR ANY SIMILAR DELTA TRANSFER FACILITY.

WHEREAS, There are currently several legislative proposals before the California State Legislature supporting the construction of the Peripheral Canal, including SB 200; and

WHEREAS, The Peripheral Canal, a proposed 42-mile-long canal, 30 feet deep and 400 feet wide, is designed to intercept the Sacramento River before it reaches the Delta and carry an indeterminate quantity of water through estuaries to Southern California cities and counties; and

WHEREAS, The construction of the Peripheral Canal would disrupt the natural water supply and flow in Northern California and greatly endanger the natural ecological balance not only in the Sacramento River, but in all those tributaries which connect into this water network; and

WHEREAS, Northern California, including the Bay Area, its water supply, its wildlife, and its land areas along the route of the Peripheral Canal will be detrimentally affected by the building of the Peripheral Canal; and

WHEREAS, Construction of the Peripheral Canal could adversely affect the tidal flushing action of San Francisco Bay waters which relates to the use of the Bay by San Francisco for secondary treatment and discharge of effluent, which in turn could affect the amount of the San Francisco sewer service tax; and

WHEREAS, AB 442 has been amended to allow 100 million gallons per year of Tuolumne River water guaranteed to the Hetch Hetchy system of the City and County of San Francisco to be used in the San Joaquin Valley for irrigation purposes and would leave impure water for San Francisco's use which would have to be heavily filtered and treated at an additional water cost for San Franciscans; now, therefore, be it

RESOLVED, That this Board of Supervisors of the City and County of San Francisco does oppose the building of the Peripheral Canal; and, be it

FURTHER RESOLVED, That this Board of Supervisors of the City and County of San Francisco does further disapprove any legislative proposal pending before the California Legislature which contains or could contain provisions for the construction and funding of the Peripheral Canal or any similar Delta transfer facility which directly connects the Sacramento River with the Clifton Court Forebay, including, but not limited to, SB 200 and AB 442; and, be it

RESOLUTION NO. 714-79

APPROVING A CONTRACT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND THE COUNTY OF LOS ANGELES FOR PRISONER TRANSPORTATION PROVIDED BY THE LOS ANGELES COUNTY SHERIFF.

WHEREAS, The Chief of Police has determined that the Sheriff of Los Angeles County can transport San Francisco's prisoners at less expense than the San Francisco Police Department because the Los Angeles Sheriff regularly makes statewide trips carrying several prisoners per trip; and

WHEREAS, The Chief of Police has negotiated a contract with the Sheriff of Los Angeles County for prisoner transportation which allows the Chief of Police to make such requests for prisoner transportation as he deems practical under individual circumstances for the cost then stipulated by the Sheriff of Los Angeles County, such cost being a reimbursement of costs incurred for the transportation; and

WHEREAS, Based on San Francisco's prisoner transportation trips during 1978, the saving would have been approximately $17,000 had the transportation been provided by the Los Angeles County Sheriff; and

WHEREAS, A contract of this kind is authorized by Section 26775 of the California Government Code, Title 3, Division 2, Part 3, Chapter 2, Article 8, which Section also requires the parties to such contracts be the board of supervisors of the respective counties, now, therefore be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco hereby approves entering into a contract with the County of Los Angeles for the transportation of prisoners by the Sheriff of Los Angeles County; and be it further

ORIGINAL

FILE NO. 91-79-3 RESOLUTION NO. 748-79

RESOLUTION OF THE BOARD OF SUPERVISORS FINDING THAT ADOPTION OF THE PROPOSED AMENDMENTS TO THE YERBA BUENA CENTER REDEVELOPMENT PLAN WILL HAVE SPECIFIED FEASIBLE MITIGATION MEASURES AND ALTERNATIVES; WILL REDUCE SAID IMPACTS TO AN ACCEPTABLE LEVEL; THAT SPECIFIED SOCIAL, ECONOMIC OR OTHER CONSIDERATIONS MAKE ADDITIONAL MITIGATION MEASURES AND ALTERNATIVES INFEASIBLE; AND THAT SPECIFIED OVERRIDING CONSIDERATIONS FURTHER JUSTIFY ADOPTION OF THE PROPOSED AMENDMENT TO THE REDEVELOPMENT PLAN.

WHEREAS, In accordance with the California Environmental Quality Act ("CEQA"), and Title 14 of the California Administrative Code ("State Guidelines"), Chapter 31 of the San Francisco Administrative Code, the Agency Commission of the Redevelopment Agency of the City and County of San Francisco, and the City Planning Commission of the City and County of San Francisco have, after review, consideration and evaluation of the information, comments and responses, analysis and assessments contained in the Final Environmental Impact Report ("EIR") for Yerba Buena Center, which by this reference is incorporated herein as though set forth in full, certified by Agency Resolution No. 56-78, dated April 25, 1978, and by Planning Commission Resolution No. 7944, dated April 25, 1978, that the Final EIR is adequate and objective and has been completed in accordance with all applicable legal requirements; and

WHEREAS, Under the applicable provisions of CEQA, the State Guidelines, and Chapter 31 of the San Francisco Administrative Code, this Board of Supervisors is required (1) in taking any discretionary action committing the Board of Supervisors to a project having sufficient environmental impacts to impose feasible mitigation measures or alternatives to reduce or avoid any significant impacts on the environment that would otherwise result from such project; (2) where applicable, to state the social, economic or other considerations, if any, that make certain mitigation measures infeasible; and (3) to state the overriding considerations that further justify approval of the project; and

WHEREAS, two specific development proposals, identified as the Gift and

Gourmet Mart and the Yerba Buena West Development are in the final approval phase, thereby allowing relatively greater specificity with regard to environmental effects and feasible and infeasible mitigation measures; now, therefore, be it

RESOLVED, That this Board of Supervisors, after due consideration and deliberation, finds and certifies that:

1. The Final EIR has been reviewed and considered by the Board of Supervisors.

2. The adoption of the proposed Amendments to the Yerba Buena Center Redevelopment Plan will have the significant effects on the environment described in the document entitled "Significant Effects On The Environment And Mitigation Measures", contained in Board of Supervisors' file number 91-79-3, and incorporated herein by this reference.

3. The approval of the Gift and Gourmet Mart and the Yerba Buena West Development will have the specified effects on the environment described in the documents entitled "San Francisco Gift and Gourmet Mart" and "Yerba Buena West Development", contained in Board of Supervisors' file number 91-79-3, and incorporated herein by this reference.

4. Changes and alterations shall be required in, or incorporated into, the developments within the Yerba Buena Center Redevelopment Project which will mitigate or avoid, where feasible, the significant effects of such developments. Said changes and alterations, in the form of mitigation measures, are set forth in the documents referred to in paragraphs 2 and 3, above, following the significant environmental effects to which they relate.

5. Specific economic, social, design, technological and other considerations make certain mitigation measures or alternatives described in the Final EIR infeasible, as and for the reasons set forth in the documents referred to in paragraphs 2 and 3, above.

6. Should any significant environmental effects remain notwithstanding the imposition of all feasible mitigation measures, this Board of Supervisors nevertheless finds that there exist certain overriding considerations described in

the document entitled "Statement Of Overriding Considerations", contained in Board of Supervisors' file number 91-79-3, and incorporated herein by this reference, which outweigh these effects and further justify approval of this project. These overriding considerations are: a temporary and permanent increase in employment as a result of the construction and operation of the various land developments within the Yerba Buena Center Redevelopment Project; more orderly usage of land with adequate parcelization; a net increase in the housing stock of San Francisco, including low and moderate income as well as market-rate housing; sales tax revenue increases; taxable payroll increases for San Francisco residents and a large, taxable full-value added by full development of the Yerba Buena Center Project Area; and, be it

FURTHER RESOLVED, That all of the applicable feasible mitigation measures and alternatives described in the documents referred to in paragraphs 2 and 3, above, shall be applicable to all further approvals, resolutions and ordinances now or hereafter given, adopted or enacted by the City relating to the Yerba Buena Center Approved Redevelopment Project Area whether such feasible mitigation measures or alternatives or the provisions of this Resolution are specifically mentioned in any such approval, resolution or ordinance.

DECLARING BOARD POLICY TO PROVIDE FUNDS FOR NEW HIRINGS IN THE FIRE DEPARTMENT.

WHEREAS, Three years ago fire fighters agreed to work overtime on a temporary basis pending settlement of litigation commenced in 1975 which froze the eligibility list for new fire fighters; and

WHEREAS, The Fire Department has not been restored to full capacity since settlement of the litigation thereby causing ten percent of the daily fire fighter work force to work overtime, heightening the incidence of injury, eroding minimum standards of San Francisco fire protection, and requiring fire fighters to be away from their families more than any other public service; and

WHEREAS, As of January 1, 1979 ninety fire fighter positions were deleted, and no provisions made to replace 80 to 125 retirements that will occur during the next fiscal year; and

WHEREAS, In 1977 the Fire Department informed the Board of Supervisors, based on staff study and professional opinion, three levels of fire protection were possible in San Francisco, as follows:

Minimum coverage	-	343 fire fighters per day
Fair coverage	-	370 fire fighters per day
Good coverage	-	390 fire fighters per day

and

WHEREAS, Although the 1979-80 budget provides for a daily compliment of 310 fire fighters (before hiring overtime personnel), an on-duty force of 343 fire fighters is necessary to keep all units in service to provide minimum coverage, thereby requiring 33 fire fighters to work overtime on a regular basis; and

ADOPTING AND IMPOSING SCHEDULES OF SEWER SERVICE AND INDUSTRIAL COST RECOVERY CHARGES TO BE PAID BY USERS FOR FISCAL YEAR 1979-1980 PURSUANT TO PART II, CHAPTER X, ARTICLES 4.1 AND 4.2, OF THE SAN FRANCISCO MUNICIPAL CODE (PUBLIC WORKS CODE); ESTABLISHING THE WASTEWATER PROGRAM AS A PUBLIC SERVICE ENTERPRISE; PROVIDING FOR REIMBURSEMENT TO THE GENERAL FUND OF ADMINISTRATIVE EXPENSES; PROVIDING FOR A SEVERABILITY CLAUSE.

WHEREAS, In order to qualify for Federal and State grant assistance and in accordance with the provisions of the proposition for sewerage revenue bonds authorized by voters on November 2, 1976 and the Board of Supervisors Resolution No. 973-77 adopted December 12, 1977, the City and County must establish sewer service charges which will produce sufficient revenue to meet the cost of operation and maintenance, replacement of equipment and structures, and debt service of the sewerage system; and

WHEREAS, The Chief Administrative Officer has submitted a report titled "Development of San Francisco's 1979-1980 Wastewater Revenue Plan" (on file with the Clerk of the Board of Supervisors in File No. 225-79) explaining the method of deriving such charges; and

WHEREAS, The Chief Administrative Officer recommends, with the concurrence of the Controller, schedules of the Sewer Service Charges to be paid by users pursuant to Part II, Chapter X, Article 4.2, of the San Francisco Municipal Code (Public Works Code); and

WHEREAS, A Notice of Exemption has been filed with the County Clerk stating that the Sewer Service Rate Schedule, as stated herein, falls within the purview of Chapter 2.6, Section 21080(b)(8), of the California Environmental Quality Act; a copy of said notice is included in File No. 225-79; now, therefore, be it

FURTHER RESOLVED, That all monies remaining in the Wastewater Public Enterprise Fund at the end of each fiscal year shall be set aside in a fund entitled Surplus Revenue Fund and shall be used to reduce the requirements of the Sewer Service Charge during the next succeeding year; the source of this revenue may be sewer service charge receipts, investment income from invested proceeds of revenue and general obligation bonds, or any other source of revenue attributable to the Sewer Service Funds; and, be it

FURTHER RESOLVED, That the Wastewater Program will transfer to the City and County's general fund the sum of $1.4 million as reimbursement to the City and County for the estimated cost of general government services which will be furnished by the City and County to support the sewerage enterprise during fiscal year 1979-1980 and the Controller is hereby directed to transfer $350,000.00 at the end of each quarter of said fiscal year; and, be it

FURTHER RESOLVED, The following schedules of Sewer Service Charges to be paid by all dischargers to San Francisco's sewerage system are hereby adopted and imposed pursuant to Part II, Chapter X, Article 4.2, of the San Francisco Municipal Code (Public Works Code):

SCHEDULE A. This schedule shall apply to residential users whose sewage originates solely from the result of human habitation in dwelling units, defined herein to be a room or suite of two (2) or more rooms that is designed for, or is occupied by, one (1) family doing its own cooking therein and having only one (1) kitchen; provided,

however, that dwelling unit shall not include a boarding house, motel or hotel as defined in the City Planning Code. The rates under this schedule are based upon the typical strengths (parameter loadings) of residential wastewater as determined by the Director of Public Works and upon the parameter costs as follows:

Parameter	Unit Cost
Volume of wastewater discharged	$.8048 per 100 cubic feet
PLUS	
Suspended Solids discharged	$.1342 per lb.
PLUS	
Grease/Oil discharged	$.1863 per lb.
PLUS	
Chemical oxygen demand discharged	$.0268 per lb.

Based upon the above parameters and unit costs all residential users who have not had their flow factor percentage (percentage of water consumption discharged to the sewer) reduced as a result of the Residential Users Appeals Procedure shall be charged on the basis of water consumption in accordance with the schedule of rates, which includes a flow factor of ninety percent (90%), as follows:

LIFELINE RATE - The first 300 cubic feet of water consumption per residential dwelling unit per month shall be charged at the lifeline rate of $.6327 per 100 cubic feet of water consumption.

EXCESS OF LIFELINE RATE - All water consumption in excess of 300 cubic feet per residential dwelling unit per month shall be charged at the rate of $1.1267 per 100 cubic feet of water consumption.

Residential users whose flow factor percentages have been reduced as a result of Residential Users Appeals Procedure shall be charged on the basis of water consumption in accordance with the above unit costs, except that the flow factor shall be that determined by the appeals procedure instead of ninety percent (90%).

SCHEDULE B. Users, other than those users charged under Schedule A of this resolution, whose parameter loadings are established by the Director of Public Works in accordance with the provisions of Part II, Chapter X, Articles 4.1 and 4.2, of the San Francisco Municipal Code (Public Works Code) shall be charged the rate for each parameter according to the following:

Parameter	Unit Cost
Volume of wastewater discharge determined in accordance with Part II, Chapter X, Articles 4.1 and 4.2 of the San Francisco Municipal Code (Public Works Code)	$.8145 per 100 cubic feet (1 unit)
PLUS	
Suspended Solids discharged	$.1407 per lb.
PLUS	
Grease/Oil discharged	$.1959 per lb.
PLUS	
Chemical oxygen demand discharged	$.0280 per lb.

Those users who are charged under Schedule B of this resolution and who are determined by the Director of Public Works as being engaged in manufacturing, as defined by Division D of the Standard Industrial Classifications published by the Office of the President of the United States Office of Management and Budget (1972), shall be charged for wet weather debt service at such unit costs as are determined by the Director of Public Works on the basis of such user's sanitary waste, excluding any sewer discharge resulting from a manufacturing process, in accordance with such procedures for application and determination as established by the Director of Public Works.

SCHEDULE C. Users, other than those users charged under Schedule A of this resolution and whose parameter loadings are not established by the Director of Public Works in accordance with Schedule B of this resolution, shall be charged at the rate of $1.1549 per

100 cubic feet of water consumption. The rate under this schedule is based on a ninety percent (90%) flow factor and parameter loadings and parameter costs as follows:

Parameter	Unit Cost

PLUS	
Suspended Solids discharged	$.1407 per lb.

SUPPORTING S. 1647, ESTABLISHING A COMMISSION ON WARTIME RELOCATION AND INTERNMENT OF CIVILIANS.

WHEREAS, On February 19, 1942, President Franklin Roosevelt issued Executive Order 9066, authorizing the military commander to exclude any and all persons from areas that he considered militarily sensitive, as well as granting the military commander authority to house those evacuated; and

WHEREAS, Due to Executive Order 9066, approximately 110,000 Japanese American citizens and permanent resident aliens spent an average of 2½ to 3 years in camps set up in mass relocation centers erected in Arizona, Arkansas, California, Colorado, Idaho, Utah, Wyoming, and Hawaii; and

WHEREAS, Although historians and many Americans have long recognized the internment of the Japanese Americans during World War II as a black page in American history, and while Executive Order 9066 was finally rescinded in 1976, the Federal Government itself has yet to acknowledge that the wartime detention of Japanese Americans was wrong; and

WHEREAS, S. 1647 has been introduced in the United States Senate which establishes a Commission on Wartime Relocation and Internment of Civilians to investigate the effects of Executive Order 9066 and determine whether any or all of those subjected to internment by the issuance of this order were subjected to experiences that entitle them to redress; and

WHEREAS, This Commission would consist of 15 members, would be required to hold public hearings in several cities, including San Francisco to hear testimony on the effect of Executive Order 9066, and would be required to transmit back to the President and to the Congress within 18 months of its establishment a final report concerning its acts, findings, and recommendations; and

WHEREAS, The mass imprisonment of innocent Japanese Americans who were guilty of no crime, remains the single most dramatic and disturbing experience in the lives of first, second, and third generation Americans of Japanese ancestry, now, therefore, be it

RESOLVED, That this Board of Supervisors of the City and County of San Francisco does support the passage of S. 1647 by the United States Congress and advocates the establishment of a Commission on Wartime Relocation and Internment of Civilians; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded to her Honor, the Mayor, for transmittal to the Honorable Alan Cranston and the Honorable S. I.
